A ROAD MAP FOR YOUR FINANCIAL FUTURE

**Plan for Your Road Trip** 

## Pack These Essentials

- Take advantage of military credit protections.
- Use credit wisely. Too much credit can weigh you down and limit your options.
- Pay down debt. Track all of your debt by balance and interest rate and develop a plan with a personal financial manager or counselor to pay it off.

Directing \$200 a month toward paying down your credit card debt, assuming a 14% interest rate and a \$5,700 credit card balance, will greatly reduce your debt.
